Molouky Sailing Boat

The Molouky. A marvel of modern engineering inspired by the grandeur, luxury and opulence of a Dahabeya, a vessel that the royal families of Egypt cruised the Nile on. Come, relive experiences of royalty gone by, on the Molouky, the ultimate word in cruise luxury on the Nile, an experience that you can customise and call your own.

The Molouky is our pleasant renditions of the dahabeyas sailing boats of the past yet with a delicate modern touch. Luxurious wood against the wall of a beige tint and cultural photographs decorate the vessel. The biggest jacuzzi you can find on any dahabeya today resides on our lower sundeck. Six opulent suites and two decks, powered by the best of food and beverages from our lounge bar and restaurant, make the Dahabeya a veritable floating palace. Our well trained, competent crew is available for catering to every tiny wish of yours, to make your experience with us a memorable one. And despite being a sailboat, the Dahabeya still carries on its course even in the lack of wind, relying on help from a 50 meter long rope and a tow-boat. These modified vessels of the past continue on their relaxing journey tugged, quiet and undisturbed, giving you the perfect yacht-like experience.

Deck Plan
